

February 2024

Michel Moravia will be leading a session and panel at this year's LSI Emerging MedTech Summit, LSI USA24. This meeting brings together thought leaders and organizations in the world of Medical Device focused on delivering and innovating within the healthcare environment. A unique objective of this meeting is to promote collaboration and partnering within the industry.

A nighttime photograph of a resort pool area. The pool is illuminated with blue lights, and there are palm trees and lounge chairs around it. In the foreground, a band is performing on a stage with purple and blue lighting. The background shows a golf course and a building under a dark sky.
